If you want a less-nuclear world, YOU will have to support one! NEIS needs your support and membership to continue the work towards a non-nuclear future based on energy efficiency and safer alternatives to nuclear power. If you can afford to pay the energy polluters once every month, you can afford the cost of a membership to a group dedicated to stopping their pollution once per year. For the price of one cup of gourmet coffee per month, help prevent the next Chernobyl from happening. Become a member TODAY!
