

# PROPOSED/POTENTIAL TRANSPORTATION ROUTES TO YUCCA MT. -- 2017

## Representative Transportation Routes to Yucca Mountain and Transportation Impacts (Cask Shipments by State)

This map depicts the representative routes and shipment numbers evaluated in the U.S. Dept. of Energy Final Supplemental Environmental Impact Statement.

It shows the numbers of high-level nuclear waste shipments that would traverse each state en route to Yucca Mountain.

- |                         |                    |                  |
|-------------------------|--------------------|------------------|
| ▲ Yucca Mountain        | <b>Route Type</b>  | <b>States</b>    |
| 🌐 DOE Major Sites       | — FSEIS Rail       | ☐ No Shipments   |
| ☢ Nuclear Reactor Sites | — FSEIS Truck      | ☐ 1 - 2,429      |
| ☢ Closed Power Plant    | — FSEIS Heavy Haul | ☐ 2,430 - 4,858  |
| ☢ Power Plant           |                    | ☐ 4,859 - 7,287  |
|                         |                    | ☐ 7,288 - 9,716  |
|                         |                    | ☐ 9,717 - 12,145 |
